

Oluwatoyin Afolabi, MPA

Newark, NJ | toyinoafolabi@gmail.com | linkedin.com/in/afolabioluwatoyin

Summary

Data Analytics Fellow with a background in project coordination, community engagement, and public administration, pivoting into data analyst roles. Experienced in building end-to-end data pipelines, from exploratory analysis and preprocessing through predictive modeling, using Python, SQL, and BigQuery. Brings strong stakeholder communication and program evaluation skills from prior project management work into data-driven decision-making.

Data Projects

Student Performance Prediction — Group Capstone

github.com/kmbangura/group5finalproject

- Led EDA and preprocessing on a 395-student dataset; identified key predictors of academic outcomes and engineered features for the team's supervised model, informing model design and feature selection.

Fraud Detection Model — Independent Project

github.com/AfolabiOluwatoyin/caishen-fraud-detection

- Built and tuned an ensemble classifier (Random Forest, XGBoost) on 6.3M+ transactions, achieving 0.99 ROC-AUC through feature engineering, hyperparameter search, and class-imbalance handling.

Citi Bike Ridership Analysis — Independent Project

github.com/AfolabiOluwatoyin/citibike-ridership-model

- Queried and joined 50M+ ridership records with NOAA weather data in BigQuery to build a dataset for modeling ridership patterns.

Skills

Technical Skills: Python (Pandas, NumPy, scikit-learn), SQL, Excel (pivot tables, formulas, reporting dashboards), Data Collection & Reporting, Research & Analysis, Qualitative & Quantitative Data Organization, Google Colab, VS Code, Git/GitHub

Development Tools / Platforms: Microsoft Office Suite, Google Workspace, Project Management Tools (Asana, Trello, Smartsheet), Google Forms / Surveys

Experience

HECTOR Urban Design — Newark, New Jersey

August 2025 – Present

Project Coordinator – Victoria Foundation Community Engagement

- Coordinate community planning workshops across Newark neighborhoods, including Clinton Hill and Fairmount, gathering resident feedback on neighborhood needs and priorities.
- Manage event logistics, outreach, materials preparation, and day-of setup in partnership with Victoria Foundation staff.
- Collect, organize, and maintain structured program and stakeholder data across 5+ community initiatives, ensuring accuracy and consistency for reporting and evaluation.
- Coordinate communication between residents, partner organizations, and foundation representatives to ensure accurate follow-up and resource sharing.

NOFAD Initiative

February 2023 – December 2024

- Coordinated the NOFAD (Newarkers Organized for Accountable Development) training program, assisting in the development, planning, and delivery of workshops for Newark-based nonprofit staff and emerging community leaders.
- Conducted research on Newark properties, zoning, neighborhood history, and architectural assets to support curriculum content, and served as point of contact between partner organizations (SWEA, CHCA) to align outreach efforts.
- Collected, tracked, and organized participant data to support reporting and program evaluation.

Bergen County Sheriff's Office — Hackensack, New Jersey

June 2021 – September 2021

IT & Operations Intern

- Contributed to operations documentation and compliance reporting, and supported end-to-end execution of multi-phase projects from planning through implementation.

Education

The Knowledge House — Bronx, NY

December 2025 – Present

Innovation Fellowship – Data Analytics

- Selected for a competitive, cohort-based fellowship focused on data literacy, analytics foundations, and applied projects.
- Coursework includes data analysis, reporting, and applied problem-solving using industry-relevant tools.

Fairleigh Dickinson University — Teaneck, New Jersey

May 2024

Master of Public Administration, Public Policy — GPA 3.8
